

# Goals of the National Bicycling and Walking Study

- Double the **percentage** of trips made by bicycling and walking
- Reduce by 10 percent the **number** of injuries and fatalities occurring to bicyclists and pedestrians

# Amount of Bicycling and Walking

## Summary of Walking and Bicycling Trips, 1990 to 2001

	Walking Trips (billion)	Walking Trips %	Bicycling Trips (billion)	Bicycling Trips %	Combined Trips (billion)	Combined Trips %
<b>1990</b> NPTS	18.0	7.2	1.7	0.7	19.7	7.9
<b>1995</b> NPTS	20.3	5.3	3.3	0.9	23.6	6.2
<b>2001</b> NHTS	35.3	8.7	3.3	0.8	38.6	9.5

# Changes in Injuries and Fatalities of Bicyclists and Pedestrians

Fatalities:

18-Percent Reduction

Injuries:

10-Percent Reduction
